

IMPACT OF PUPIL PREMIUM SPEND 2016 – 2017

- Both the Nursery and Reception have now been relocated and have been freshly resourced as part of an ongoing programme. Both environments are now suitable for the children and the outdoor area of the Nursery has been developed. This is an ongoing strategy.
- Nursery, Year One and Year Two standards are all showing an upward trend.
- Parental workshops have been successfully held throughout the year in the Nursery and have been well attended by the parents. These have also been used to promote school readiness i.e. positive attendance of the children.
- Family Learning has been a successful programme of support for the parents of the Nursery children – Art, Maths, English and Healthy Diets are some of the topics covered.
- Pupil Premium children have all made progress in their learning and assessment data supports this.
- Positive lunch times have continued throughout the year with increasing amounts of children choosing to play with the sports coaches.
- All of the children in Key Stage Two went on a Cultural trip with a specific focus – positively impacted on writing back at class.
- Breakfast Club and Early Morning Club numbers of children have continued to rise e.g. 46 children attended on a specific day. All of these children have improved punctuality and attendance.
- Children’s University has been introduced and 34 children have Graduated at Hope University. Other children are now very enthusiastic to take part in this programme.

Pupil Premium spend for 2017 – 2018 please see Pupil Premium Strategy document.
