

# ANNE FRANK EXHIBITION

The children were wonderful, very articulate, each remembering key facts and supporting each other to deliver the presentation.

I thought it was very moving with children the age of Anne retelling her story. I am a very proud parent!!

Loved it – it was great – I  
learnt a lot.

The kids were excellent in  
reciting what they had  
learned.

Great work, good  
organisation – very proud  
parent.

I looked through one of the workbooks the children were using and found those really interesting and excellent for helping the children learn.

My son now knows a lot more about the 2<sup>nd</sup> World War and the events and treatment of Jewish people. He is aware of the historical context of Anne Frank's diaries and how she tells her story.

I thought the most illuminating part of the exhibition event was having year 5 & 6 pupils act as guides and showing just how valuable the exhibition was and the education benefit that it brought. Well done!

I think that the exhibition was very beneficial as my child has come home telling me lots of information about Anne Frank!

I think that it is a  
great way for the  
children to learn  
about the past.

It has given my child  
a vast amount of  
insight into what is a  
very important part  
of history.

My son has shared lots of information with us about what he found out.

He really enjoyed presenting and he told me how his confidence grew the more he presented for different audiences.
