Amazing Activities

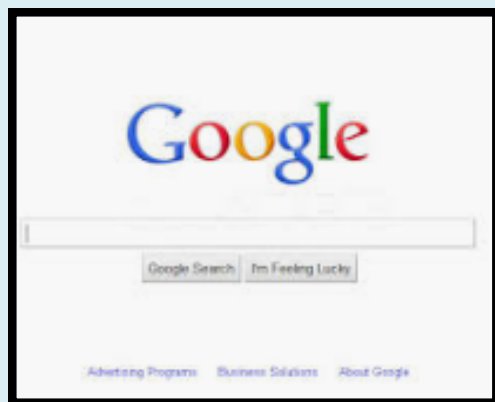

Invite parents/carers for the children to teach how to use the charades app and then play a game on it together

Key Concepts

Overview: The children play a computing focused game of charades and then create their own version.

Can you use a search engine?
Do you know the terms used in computing?
Can you improve your digital work?
Can you make a simple game?

- Definitions of words can be searched for using an online dictionary
- Traditionally games can be transferred using technology to apps and online games which are fun to adapt and play

Heads Up

Skills

- Save, share and retrieve my digital work.
- Use technology to organise and present my ideas
- Create with technology. E.g. Video, animation, 3D

Curriculum Links

Literacy Link: - understanding of a range of vocabulary with different meanings

Key Vocabulary

Search Engine - computer software used to search data (as text or a database) for requested information.

Google - the name of a common search engine

Search - to look for information online

Charades - a game in which players guess a word or phrase from a written or acted clue
