Three

## Geography Knowledge Organiser

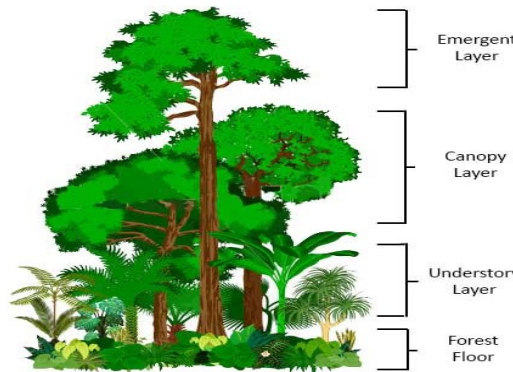

Spring  
Term

Amazing Activities  
Listen to the sounds of  
the rainforests. Where  
are they? What animals  
can they hear?

### Key Concepts

- Where are the rainforests
- The rainforest climate
- Layers of the rainforest
- Life in the rainforest
- The Amazon
- Protecting the rainforests

### Rainforests

### Curriculum Links

English—Persuasive writing, non chronological reports

Art—Sketching rainforest animals

### Skills

- Find the Amazon Rainforest on a map, an atlas and a globe
- Can they locate the tropic of Cancer and Capricorn
- Discuss the effect humans have on the rainforests

Key Vocabulary	Definition
Climate	The weather and temperature usually found in an area over a long period of time
Deforestation	The destruction of trees over a large area
Habitat	The natural home or environment of an animal or plant.
Rainforest	A dense forest, normally found in tropical areas with high rainfall. They generate most of the world's oxygen.
Tropical	Around the middle of the world in the region called the Tropics where it is warm all year
