Amazing Activities

Hula Hoop
Weaving

Key Concepts

- Investigate the possibilities of a range of materials and processes to explore and communicate ideas and meanings; work.
- Ask and answer questions about the starting points for their work, and develop their ideas .
- Try out tools and techniques and apply these to materials and processes.
- Review what they and others have done and say what they think and feel about it . Comment on similarities and differences between their own and others'.
- Consider what they might change in their current work or develop in their future work , adapt and improve their own work

Challenge:

Use of work by contemporary makers to inspire the children's work eg Michael Brennand-Wood, Janet Bolton, Sharon Porteous, Lois Walpole, Caroline Broadhead, Sally Freshwater

Skills

- Use sketchbook to record ideas, observations and experiences.
- Explore mark making/lines using a variety of tools.
- To experiment with papers and fabrics and design and make products in 2/3 dimensions.
- Cut, glue and trim materials to create images from a variety of media. E.g photocopies, fabric etc.
- Identify and describe textures, colours and patterns in textiles.
- Make structures by joining simple materials together.
- Sort cut and shape fabrics and experiment with ways of joining them.
- Investigate the technique of weaving use found natural and made materials in weaving, showing understanding of colour and texture.
- Identify parts they like and say what they find interesting about the colour and texture they have created and how it makes them feel.

Curriculum Links

Sorting and using materials' in the science, when children explore materials and objects using appropriate senses and make and communicate observations.
