Five**

Computing Knowledge Organiser

**Summer
Term**

Amazing Activities

Have a whole class presentation of their work

Music Composer

Key Concepts

Know and understand what a design brief is

Recognise and explain what a music composer is

Know and be able to explain what an audio loop is

Understand how digital music is made

Plan and compose their own piece of music

Create their own jingle to accompany a video game and share it with others explaining their choices

Understand and explain what copy right is

Be able to record and share music files

Key Vocabulary

Design brief—A written explanation of what is to be designed and made

Audio loop—a repeating section of sound material

Showreel—a short collection of musical scores you have written

Audio jingle—a short slogan, verse, or tune designed to be easily remembered, especially as used in advertising

Music composer—a musician who is an author of music and writes musical scores

Skills

Use the skills I have already developed to create content using unfamiliar technology

Select, use and combine a variety of software on a range of digital devices to design and create a range of programs, systems and content that accomplish specific goals, including collecting, analysing, evaluating and presenting data and information.

“Nurture, Inspire, Succeed”
