

Number Formation Rhymes

Please make sure your child is forming the numbers correctly. Starting on the green spot and finishing on the red spot. Say the rhyme as you write.

Around we go, Zero

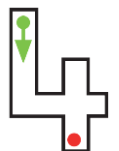

Down you run, and one is done

Around and back on the train track, two two,
two two!

A bump for you, a bump for me, number three

Down and across, down once more, that's the
way to number four

A hat, a back and round his tummy

Start at the top, slide down quick, loop back
around to make a six

Across the sky and down from
heaven, that's the way to make a seven

We make an S but do not wait, go back up and
close the eight

Around and a line, that makes nine
